Dear friend,

Family Enrichment and Counselling Service has undertaken a fundraising initiative called 200 Champions and I have taken the liberty of enclosing a copy of our flyer.

For over 45 years we have been serving the Greater Fredericton Area with counselling and psycho-educational groups. Today we are facing a huge challenge; a decrease of funding and a 37% increase in demand for community counselling. Since 75% of our clientele cannot afford counselling, we offer a sliding scale based upon the client's income. Our sliding scale allows those individuals to receive mental health support at a reduced cost. To maintain this system we require more funds.

We are asking 200 friends to each contribute \$1,000.00 to allow us to continue to facilitate our healthy community where every person feels valued, empowered, competent and connected. We hope we can count on your financial support for our community.

Cordially,

Bruce McClary  
Chair of the Board
